# SURVEY OF TANGSHAN CITY

## 唐山市简介

唐山，地处环渤海湾中心地带、河北省东北部，南临渤海，北依燕山，毗邻京津，是东北亚经济区和“一带一路”的重要节点。总面积 13472 平方公里，常住人口近 800 万。

Tangshan is located in the central section of Circum-Bohai Sea Region, northeast of Hebei Province, with Bohai Sea to the south, Yanshan Mountain to the north, adjoining Beijing & Tianjin to the west, with a total area of 13,472 Square Kilometers and a total permanent resident population of 8 million.

唐山是中国近代工业的摇篮，工业基础雄厚。这里诞生了中国第一座机械化采煤矿井、第一条标准轨距铁路、第一台蒸汽机车、第一桶机制水泥、第一件卫生陶瓷、第一支股票和第一位中国本土大学教授。

Tangshan is the cradle of China's modern industry with powerful industrial foundation. China's first mechanized coal mine, China's first standard gauge railway, China's first steam locomotive, China's first bucket of mechanical cement, China's first piece of sanitary porcelain ware, China's first stock and China's first university professor were all emerged here in Tangshan.

经过百余年发展，形成了精品钢铁、装备制造、现代化工、新型建材等四大支柱产业和智能轨道交通、机器人、电子及智能仪表、动力电池、节能环保等五大新兴产业。已成为全国开展构建开放型经济新体制综合试点试验地区、国家跨境电商综合试验区、国家第二批小微企业创业创新基地城市示范等。

After over hundred years of development, 4 major pillar industries as fine steel, equipment manufacturing, modern chemical, new building materials and 5 emerging industries as intelligent rail transit, robot electronic & intelligent instrument, power battery and energy conservation & environment protection have been formed in Tangshan. Tangshan has become the National Comprehensive Trial & Pilot Area of Building New System of Open Economy, National Comprehensive Test Area for Cross-border E-commerce and National 2nd Batch of Demonstration City of Small & Micro Enterprises Entrepreneurial Innovation Base etc.

9133亿元

2023年地区生产总值  
2023 Regional Gross Domestic Product

第27位

全国百强城市排名  
Ranking of Top 100 Cities in China

习近平总书记对唐山深切关怀、寄予厚望。2010年视察唐山，作出“努力将唐山建成东北亚地区经济合作窗口城市、环渤海地区新型工业化基地、首都经济圈重要支点”，即“三个努力建成”重要指示。2016年再次莅临唐山视察，要求唐山“争取在转变发展方式、调整经济结构、推进供给侧结构性改革等方面走在前列，使这座英雄的城市再创辉煌”。总书记的殷切嘱托，极大激发了唐山人民拼搏竞进、干事创业的奋斗激情。2023年地区生产总值9133亿元，继续位列河北省首位，全国百强城市排名第27位。

General Secretary XI JinPing shows deep concern and high expectations for Tangshan. In 2010, during the inspection of Tangshan, an important instruction was made to "strive to build Tangshan into a window city for economic cooperation in Northeast Asia, a new industrialization base in the Bohai Rim region, and an important fulcrum of the capital economic circle", namely the "Three Efforts to Build". In 2016, he visited Tangshan again for inspection and demanded that Tangshan "strive to be at the forefront in transforming its development mode, adjusting its economic structure, and promoting supply side structural reform, so as to make this heroic city create new glory.". In 2023, the regional GDP reached 913.3 billion yuan, continuing to rank first in Hebei Province and 27th among the top 100 cities in China.

GDP of High tech Zone in 2023

唐山高新区成立于1992年4月,是唐山市唯一的国家级高新技术产业开发区。建区以来,高新区锚定“发展高科技、实现产业化”的目标,上下合力,务实进取,先后被评为国家级大中小企业融通型载体、河北省唯一的“真抓实干、成效明显”全国六个产业转型升级示范园区之一等荣誉称号,成为唐山这座英雄城市中一颗璀璨的科技明珠。

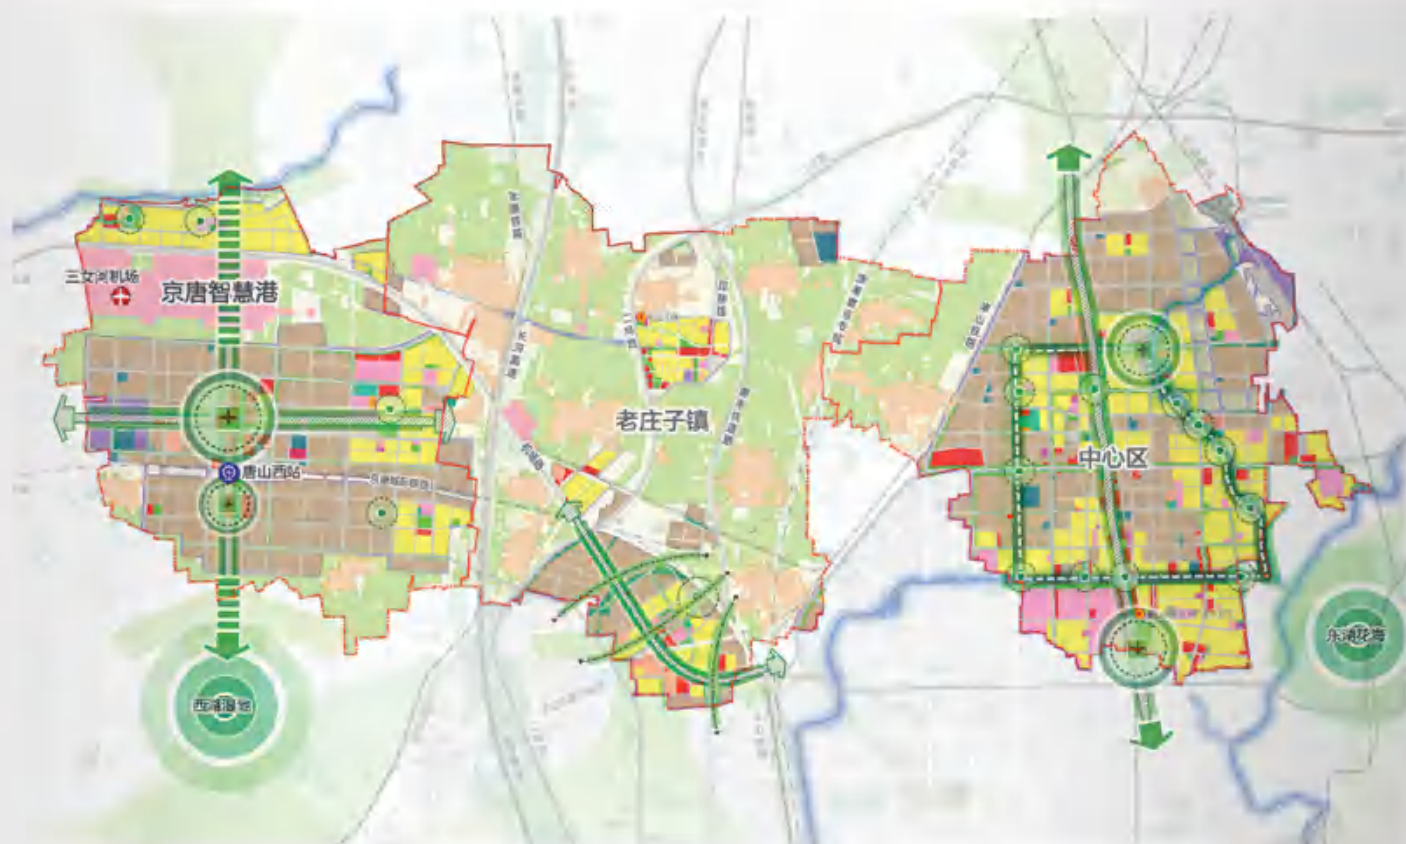

Tangshan High tech Zone was established in April 1992 and is the only national level high-tech industrial development zone in Tangshan City. Since its establishment, the High tech Zone has anchored the goal of "developing high-tech and achieving industrialization", worked together, pragmatically and enterprisingly, and has been awarded honors such as being a national level carrier for the integration of large, medium, and small enterprises, the only "real efforts and significant results" demonstration park for industrial transformation and upgrading in Hebei Province, and one of the six national industrial transformation and upgrading demonstration parks. It has become a brilliant technological pearl in the heroic city of Tangshan.

## Regional Advantages 区位优势

高新区辖区面积100.3平方公里，位于唐山市中心区，由中心区、老庄子镇、京唐智慧港三部分组成。中心区致力建设高新技术产业聚集区、现代化城市核心区，京唐智慧港着力打造京唐新门户、产业新高地，老庄子镇重点发展生态涵养休闲产业。

The high-tech zone covers an area of 100.3 square kilometers and is located in the central area of Tangshan. It consists of three parts: the central area, Laozhuangzi Town, and Jingtang Smart Port. The central area is committed to building a high-tech industry cluster and a modern urban core area. Jingtang Smart Port focuses on building a new gateway and industrial highland for Jingtang, while Laozhuangzi Town focuses on developing the ecological conservation and leisure industry.

京唐智慧港区域范围内有唐山市唯一的机场——唐山三女河机场，京唐城际高铁唐山西站也坐落于此，29分钟即可直达北京城市副中心，形成“不是同城胜似同城”的发展效应；长深高速贯穿全境，形成了空港、高铁、高速兼备的独特优势；区域规划面积28.8平方公里，具备重大产业项目落地的充足空间，正在打造京唐新门户、产业新高地、最具魅力的智造基地。

Within the scope of the Beijing-Tangshan Intelligent Port, there is the only airport in Tangshan - Tangshan Sannvhe Airport. Beijing-Tangshan Intercity High Speed Railway sets up Tangshan West Station in the Zone, which takes only 29 minutes from the Zone to Beijing. It forms the development effect as "Beijing-Tangshan Intelligent Port Making Tangshan & Beijing Worth the Same City". The Changshen Expressway runs through the entire area, forming a unique advantage of airport, high-speed rail, and high-speed transportation; The regional planning area is 28.8 square kilometers, with sufficient space for the landing of major industrial projects. We are building a new gateway to Beijing and Tang, a new industrial highland, and the most charming intelligent manufacturing base.

Innovation  
Advantages  
创新优势

在不同领域开创了40多项

启奥科技：血站管理信息系统在国内市场占有率达75%以上

高新区现有国家、省市级各类研发机构160余家，市级以上科技企业孵化器、众创空间42家。孵化面积超30万平方米。拥有高新技术企业303家、“专精特新”企业64家、“小巨人”企业12家、单项冠军企业和产品12个、科技型中小企业千余家。

There are more than 160 various types of research and development institutions at the national, provincial, and municipal levels, as well as 42 technology enterprise incubators and maker spaces at or above the municipal level in the high-tech zone. The incubation area exceeds 300000 square meters. We have 303 high-tech enterprises, 64 "specialized, refined, unique, and new" enterprises, 12 "little giant" enterprises, 12 single champion enterprises and products, and over a thousand technology-based small and medium-sized enterprises.

建成了全省第一个机器人专业孵化器和公共研发平台，形成了研发+孵化+产业化的创新创业生态圈。

The first robot professional incubator and public R&D platform in the province have been established, forming an innovation and entrepreneurship ecosystem of R&D+incubation+industrialization.

机器人研发中心聚集了机器人结构和控制、生物仿生、灾难救援、轨道检测、视觉识别、电磁散热等领域的创新人才，对现有机器人研发资源进行整合，推动联合攻关、技术突破、产业升级。

The Robot R&D Center gathers innovative talents in the fields of robot structure and control, biomimetics, disaster rescue, track detection, visual recognition, electromagnetic heat dissipation, etc., integrates existing robot R&D resources, promotes joint research and development, technological breakthroughs, and industrial upgrading.

## Industrial Advantages 产业优势

# 五大现代产业集群

### 一是智能制造产业集群

One is the intelligent manufacturing industry cluster

以机器人产业为引领，已建成全国最大的特种机器人产业基地和焊接机器人产业基地。

Led by the robot industry, the largest special robot industry base and welding robot industry base in China have been established.

### 二是数字产业集群

The second is the digital industry cluster

以信创产业为引领，中软协、中国电子、百度、阿里巴巴强势集聚，打造唐山数字产业高地。

Led by the information and innovation industry, China Software Association, China Electronics, Baidu, and Alibaba have gathered strongly to create a digital industry highland in Tangshan.

### 五是新能源产业集群

The fifth is the new energy industry cluster

以智慧能源谷项目为引领，积极推进低碳（零碳）园区建设，加快发展绿色产业。

Led by the Smart Energy Valley project, actively promote the construction of low-carbon (zero carbon) parks and accelerate the development of green industries.

### 四是医药健康产业集群

The fourth is the pharmaceutical and health industry cluster

科技创新为引领，医药研发技术国内领先，医疗健康产业园加快向全国一流迈进。

Led by technological innovation, pharmaceutical research and development technology is leading domestically, and the medical and health industry park is accelerating its progress towards national first-class.

### 三是安全应急产业集群

The third is the safety emergency industry cluster

以安全园区建设为引领，已成为全国应急装备企业最集中、研发能力最强的区域之一。

Led by the construction of safety parks, it has become one of the regions with the most concentrated emergency equipment enterprises and the strongest research and development capabilities in China.

Intelligent manufacturing  
industry cluster  
智能制造产业集群

高新区焊接产业基地规模为中国第一、亚洲第二、世界前六，拥有全国最大的特种机器人研发生产基地、全国最大的轨道机车检测设备生产基地、全国最大的超声测流仪表研发生产基地。涉及机器人、轨道交通检测设备、智能仪器仪表、选煤选矿装备等诸多领域的产业集群，多项产品达到国际先进水平，市场占有率位居国内同行业前列。

The scale of the welding industry base in the high-tech zone is ranked first in China, second in Asia, and among the top six in the world. It has the largest research and production base for special robots in China, the largest production base for railway locomotive testing equipment in China, and the largest research and production base for ultrasonic flow meters in China. The industrial cluster involves many fields such as robots, rail transit detection equipment, intelligent instruments and meters, coal selection and beneficiation equipment, and many products have reached international advanced levels, with a market share ranking among the top in the same industry in China.

开元前车架智能化柔性焊接生产线

开诚特种机器人生产线

百川轨道机车车体激光扫查系统

汇中仪表检测及校准实验室

亚特重工专用汽车研发生产基地

国华科技无压给料三产品重介质旋流器

中冶重工多向模锻压机生产线

天和破碎机

高新区始终围绕筑牢制造业发展基础，构建现代产业体系，加力增效、做大做强**机器人**特色主导产业。

The high-tech zone has always focused on building a solid foundation for the development of the manufacturing industry, constructing a modern industrial system, enhancing efficiency, and expanding and strengthening the dominant industry with robot characteristics.

机器人产业被誉为制造业皇冠顶端明珠。经过30多年的发展，高新区焊接机器人领域总体规模达到国内第一、亚洲第三、世界前十，特种应用服务机器人领域主导产品填补国内空白，技术水平处于国际领先，现已形成了以焊接为主的工业机器人、以抢险救援为主的特种机器人为代表的特色产业集群，发展起来了开元集团、百川智能、中信开诚等行业龙头企业。

The robotics industry is hailed as the crown jewel of manufacturing. After more than 30 years of development, the overall scale of the welding robot field in the High Tech Zone has reached the top in China, the third in Asia, and the top ten in the world. The leading products in the field of special application service robots have filled the domestic gap, and the technological level is at the forefront of the world. A characteristic industrial cluster represented by industrial robots mainly for welding and special robots mainly for emergency rescue has been formed, and Kaiyuan Group, Baichuan Intelligence, and others have developed Leading enterprises in the industry such as CITIC Kaicheng.

截止2023年底，高新区现有机器人企业136家。

As of the end of 2023, there are 136 robot enterprises in the high-tech zone.

136家

现有机器人企业  
Existing robot companies

开诚特种机器人生产线

2023年签约引进深圳优必选、江苏汇博等优质机器人企业项目65个，打造了国家火炬计划特色产业基地、全国首家以机器人产业命名的焊接机器人制造产业知名品牌创建示范区，以及全国最大的特种机器人产业基地，成为最具特色的产业名片。

In 2023, 65 high-quality robot enterprise projects such as Shenzhen Youbixuan and Jiangsu Huibo were signed and introduced, creating a national Torch Program characteristic industry base, the first well-known brand creation demonstration zone in the welding robot manufacturing industry named after the robot industry in China, and the largest special robot industry base in the country, becoming the most distinctive industry business card.

## Digital Economy Industry Cluster 数字经济产业集群

超130家

数字经济领域企业  
Enterprises in the field of digital  
economy

31家

规上企业  
On scale enterprises

4家

上市企业  
Listed companies

唐山高新区共有数字经济领域企业130余家，其中规上企业31家，上市企业4家，新技术、新业态、新平台蓬勃兴起，全力推动互联网、大数据、人工智能与各产业深度融合。

Tangshan High tech Zone has more than 130 enterprises in the field of digital economy, including 31 enterprises above the designated size and 4 listed enterprises. New technologies, new formats and new platforms are booming, and efforts are made to promote the deep integration of the Internet, big data, artificial intelligence and various industries.

现已建成唐山数字经济产业园，开启阿里巴巴集团与唐山深度合作，为高新区数字信息产业的跨越式发展打下了坚实基础。

The Tangshan Digital Economy Industrial Park has been established, initiating deep cooperation between Alibaba Group and Tangshan, laying a solid foundation for the leapfrog development of the digital information industry in the high-tech zone.

依托中国软件协会打造数字经济产业园，助力数字产业发展，形成具有国内影响力的软件及信息服务产业园区。

Relying on the China Software Association to build a digital economy industrial park, supporting the development of the digital industry, and forming a software and information service industrial park with domestic influence.

高新区与百度集团全面深化合作建设百度智能云（唐山）智能产业园，标志着百度与唐山的合作进入实质性阶段，加速推进高新区人工智能数字生态建设。

The high-tech zone and Baidu AI Cloud (Tangshan) Intelligent Industrial Park comprehensively deepen the cooperation between the high-tech zone and Baidu Group, marking that the cooperation between Baidu and Tangshan has entered a substantive stage, and accelerating the construction of artificial intelligence digital ecology in the high-tech zone.

Security emergency industry cluster  
安全应急产业集群

51家

应急装备企业  
Emergency equipment enterprises

68个

国家级和省级应急产业创新平台  
National and provincial emergency industry innovation platforms

安全应急产业形成了以开诚智能、百川集团、震安科技、辰安科技等骨干企业为核心的产业集群，涉及消防特种机器人、矿用抢险机器人、机车检测专用装备、建筑减隔震装备等产品研发制造，相关技术国内领先，研发产品填补国内市场空白，聚力打造国内一流的安全应急装备产业园区。

The safety and emergency industry has formed an industrial cluster with backbone enterprises such as Kaicheng Intelligence, Baichuan Group, Zhen'an Technology, and Chen'an Technology as the core. It involves the research and development and manufacturing of products such as firefighting special robots, mining rescue robots, locomotive detection special equipment, and building seismic isolation equipment. The related technologies are leading domestically, and the research and development of products fill the gap in the domestic market, striving to build a first-class safety and emergency equipment industrial park in China.

百川智能轨道交通检测设备

开诚消防灭火侦察机器人

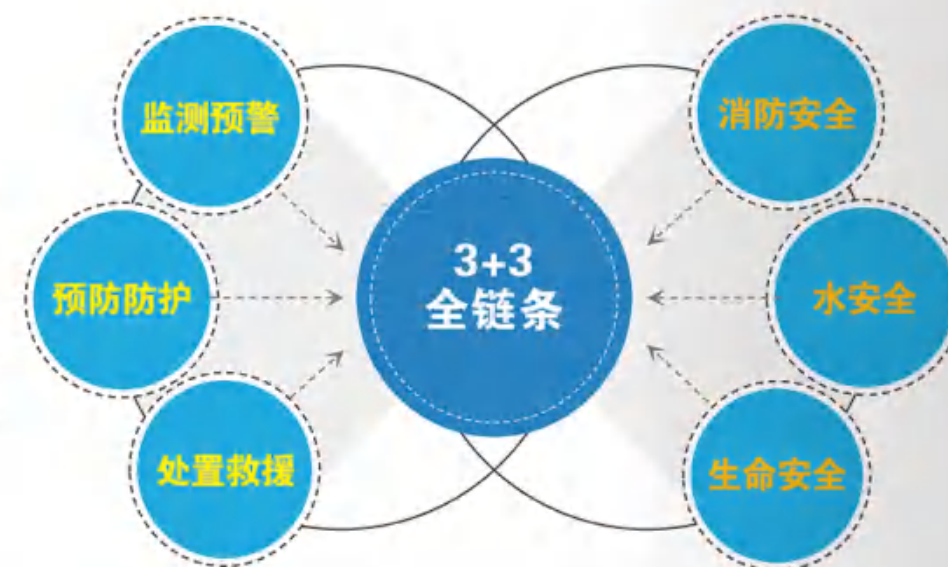

震安科技建筑减隔震设备

辰安科技城市安全风险综合监测预警平台

高新区已形成“3+3”全链条智慧应急装备产业发展格局。

The high-tech zone has formed a "3+3" full chain smart emergency equipment industry development pattern.

微探公司的光纤感温监测系统

旭华公司的燃气监测报警系统

启奥科技全国最大的血液信息管理平台

水源监测 水电站生态流量监测

平升电子智慧水利系列产品

Medical and health industry cluster  
医药健康产业集群

高新区医药健康产业现有企业18家，主要包括生物医药和健康养老两个细分领域。

The industry has 18 enterprises, composing of two subdivided fields as Bio-medicine Industry and Medical and health industry.

华润三九(唐山)药业是中国第一家专业化研发生产妇女、儿童专用药品的企业。

China Resources(Tangshan)pharmaceutical Co.,Ltd. Is the first enterprise majoring in the R &D of special drugs for women and children in China.

唐山怡安生物工程有限公司是一家专注于兽用生物制品研发、生产和销售的国家高新技术企业，自主研发生产了中国第一支兽用狂犬病灭活疫苗，第一个狂犬病病毒检测试剂盒。

Tangshan Yi'an Biological Engineering Co., Ltd.is a national high-tech enterprise majoring in the research, development, production and sales of Veterinary Biological Products, which independently researched and developed the first Inactivated rabies vaccine for veterinary use, the first Rabies Kit.

唐山高新区积极探索医疗康养事业发展新模式，联合启奥医疗健康平台和首佳智慧康养服务平台，推动优质医疗资源整合、医联体建设。

Tangshan Hi-tech Zone The Zone is actively exploring a new development mode of medical and health care business, combining with Qiao Medical and Health Platform and Shoujia Smart Health Service Platform to promote the integration of high-quality medical resources and the construction of medical alliance.

总投资4亿元的唐山首佳养老服务中心项目，总投资4亿元的唐山天佑安康国际颐养中心项目，高端康养品牌--田园牧歌活力康养社区总占地40亩，受到广大康养生活追求者的热情追捧。北京国际医疗健康产业园将建成省内首个4.0版大健康产业园区。

Tangshan Shoujia Elderly Care Service Center project, with a total investment of 400million RMB, Tangshan Tianyou Ankang International Nursing Center project, with a total investment of 400 million yuan, the high-end health care brand -- Pastoral Vitality Health Care Community attract elder people and health care life pursuers. Beijing International Medical and Health Industrial Park will build the first 4.0 version of the big health industrial Park in the province.

中节能(唐山)环保装备有限公司

石墨烯节能速热电采暖炉

唐山天和环保科技股份有限公司

双齿辊破碎机

## Development environment 发展环境

### ► 唐山·中关村信息谷

按照“一中心、一基地、一园区、一特色小镇”的合作路径，共建唐山·中关村创新中心、唐山·中关村创新示范基地以及唐山·中关村科技园及中关村特色小镇，打造类中关村的创新创业生态，把唐山中关村信息谷建成京津冀协同发展的新阵地、创新发展的新标杆。

In terms of the cooperation path of “one center, one base, one zone, one characteristic town”, the Zone and Zhongguancun jointly build Tangshan Zhongguancun Innovation Center, Tangshan Zhongguancun Innovation Demonstration Base, Tangshan Zhongguancun Science Park, and Zhongguancun Characteristic Town to build a analogous Zhongguancun ecosystem for innovation. Building the Zhongguancun Information Valley into a new position for the coordinated development of the Beijing-Tianjin-Hebei region and a new benchmark for innovative development

### ► 联东U谷科技企业加速器

总建筑面积11万平方米，总投资16亿元，将引进150余家优质企业，主要为电子信息、机械制造、能源环保和生物医药为主导的高新技术企业，联东集团本着做好产业特色服务，培育本土优质企业成长提供优质空间的原则，实现产业升级，成为中小企业快速成长的重要载体平台。

The total construction area is 110000 square meters, with a total investment of 1.6 billion yuan. More than 150 high-quality enterprises will be introduced, mainly high-tech enterprises led by electronic information, mechanical manufacturing, energy and environmental protection, and biopharmaceuticals. Based on the principle of providing high-quality space for cultivating local high-quality enterprises and providing excellent industrial services, Liandong Group will achieve industrial upgrading and become an important carrier platform for the rapid growth of small and medium-sized enterprises.

### ► 和君信远高端制造产业e家

总建筑面积12.5万平方米，总投资7亿元，抢抓京津冀协同发展机遇，积极承接京津产业外迁转移。目前，已签约企业近50家，主要涉及精密仪器、电子信息、人工智能装备、物联网设备等战略新兴产业。成为高新区乃至唐山市的新名片、新亮点和产业新高地。

Hejun Xinyuan Enterprise Incubation Accelerator Co., Ltd, With a total construction area of 125,000 square meters, and a total investment of 700 million yuan, Seizing the opportunity for coordinated development of the Beijing-Tianjin-Hebei Association, actively undertake the relocation and transfer of industries from Beijing to Tianjin. At present, nearly 50 companies have signed contracts, mainly involving strategic emerging industries such as precision instruments, electronic information, artificial intelligence equipment, and the Internet of things ( IOT ) devices. It has become a new business card, highlight, and industrial highland for the High tech Zone and even Tangshan City.

### ► 东北亚产业配套基地

项目总投资1.78亿元，项目占地15亩，总建筑面积2.6万平米。助力唐山市打造“东北亚经济合作的窗口城市”，促进东北亚国家之间的国际化交流与合作，成为唐山市服务东北亚经济文化交流的平台载体。

The total investment of the project is 178 million yuan, covering an area of 15 acres with a total construction area of 26000 square meters. Assist Tangshan City in building a "window city for economic cooperation in Northeast Asia", promote international exchanges and cooperation among Northeast Asian countries, and become a platform carrier for Tangshan City to serve economic and cultural exchanges in Northeast Asia.

### ► 京津冀科技成果转化中心

项目总投资3.1亿元，总占地29.53亩，总建筑面积4.8万平方米。包括建设青年活力社区、科技成果转化中心、大数据中心等。打造科技转化中枢，提供科创技术支撑。

The total investment of the project is 310 million yuan, covering a total area of 29.53 acres and a total construction area of 48000 square meters. Including the construction of youth vitality communities, technology achievement transformation centers, big data centers, etc. Build a technology transformation hub and provide technological support for scientific and technological innovation.

## 奋斗铸就辉煌，实干赢得未来

唐山高新区正锚定全力打造创新驱动发展示范区、高质量发展先行区，构筑创新高地、产业高地、人才高地“两区三高地”奋斗目标，以更加奋发有为的精神状态干事业、开新局、创未来，期待各界友人与我们一起向“高”而攀、迎“新”而进，共享机遇、共同奋斗、共创未来！

**Great achievements can only come from hard work;  
a bright future can only be secured through solid efforts.**

Tangshan High tech Zone is fully committed to building a demonstration zone for innovation-driven development, a pilot zone for high-quality development, and a high ground for innovation, industry, and talents. With a more determined spirit, we will work hard, open up new opportunities, and create the future. We look forward to friends from all walks of life climbing towards the "high", welcoming the "new", sharing opportunities, working together, and creating the future together!
